JOINT STATUS REPORT

Complainant St. Clair Intellectual Property Consultants, Inc. ("St. Clair") and Respondent Eastman Kodak Company ("Kodak") recognize that the Administrative Law Judge's initial determination in this Investigation is due February 21, 2008 and respectfully submit this report regarding the status of *Eastman Kodak Co. v. Speas et al.*, No. 1-05-cv-039164, which is pending in the California Superior Court ("the California Action").

The California Court commenced trial proceedings in the California Action in January, 2008, the action then settled, and the parties have signed a memorandum of understanding, which is binding under California law. The memorandum of understanding between the parties in the California Action provides for the resolution of all claims between the parties regarding the Roberts Patents, including, but not limited to, the claims asserted in the matter before the International Trade Commission. The parties are now engaged in drafting the final settlement agreements and licenses. Although the parties are working to finalize the settlement and licensing documents as soon as possible, there is a possibility that the papers will not be finalized prior to February 21, 2008. Accordingly, the parties respectfully request that this Investigation remain stayed until the parties can submit a further status report to inform the ALJ of any subsequent developments when settlement and licensing documents are finalized.

Respectfully submitted,

William F. Lee
